

**QBgenerator** provides the ideal solution for managing your new & approved exam questions, benefit from full authority approved questions for **Basic Training Option (Part-66 Appendix I Syllabus) & Type Training Option (ATA 100 Chapter System)** all stored in one easy to use system that can also generate your exams & manage results.

### Basic & Type Question Management

- Upload and edit questions
- Categorise questions by Module/Subsection or Engine/Aircraft Type/ATA100 Chapter
- Grade Questions by Knowledge Level 1,2 or 3
- Add diagrams/figures and special characters (e.g. Greek) to questions
- Move or Copy questions between Modules/Subsections or Engine/Aircraft Types/ATA100 Chapters

### Chapters

- Content approval system for questions (optional)
- Language Approval system for questions (optional)

### Printed Paper or Online Exams

- Print out exams and Marking Sheets to paper hard copies - one for each examinee, or
- Conduct paperless exams using a small network system, wired or wireless. Includes instant and automated marking of exams and immediate feedback to Examinees.

**"QB Generator From Total Training Support, The Easy Way to Manage Your Exams"**
